AUTOMATIC DOORS FOR LIFT

PROLİFT ASANSÖR SANAYİ VE TİCARET LİMİTED ŞİRKETİ

Asansör sektöründeki tecrübesi uzun yıllara dayanan Prolift asansör, elde ettiği deneyim ve bilgiyi teknoloji ile buluşturarak 2002 yılında otomatik asansör kat ve kabin kapıları seri üretimine başlamıştır.

Giresun sanayi sitesinde 6.000 m2 kapalı alan üzerine kurulu tesislerinde entegre bir sistemle üretimini sürdüren ve teknolojisine sürekli yatırım yapan Prolift asansör bugün ülkemizin ve sektörün en önemli firmalarından biri haline gelmiştir.

Yeni ihtiyaçlar doğrultusunda gerçekleştirilen yatırımlarla Bursa sanayi bölgesinde 15.000 m2 alan üzerine kurulu yeni modern üretim tesisiyle faaliyete geçen Prolift asansör son teknoloji ile üretim kapasitesini maksimum seviyeye çıkartmıştır. Üretimin her aşamasında kalite ve güvene azami önem veren Prolift asansör yürüttüğü AR-GE odaklı üretim çalışmalarıyla ürün çeşitliliğini sürekli geliştirmekte ve müşteri memnuniyetini kalite politikası olarak benimsemektedir.

2 Panelden 6 panele kadar merkezi ve teleskopik asansör kat ve kabin kapıları (boyalı paslanmaz, desenli, cam ve pvc) kendi bünyesinde tasarlayarak 95/16/EC asansör yönergesi kapsamında EN81-20-50, EN81-58 standartlarına uygun üretim yapan Prolift asansör ürünleri yerel ve uluslararası kurumlar tarafından kalite belgesi ile belgelendirilmiştir.

Başlangıçta yılda 10.000 kapı üretmek üzere kurulan Prolift asansör genişleyen iç pazar ve ihracat (Asya, Avrupa ve Afrika ülkeleri) potansiyeli ile sürekli büyüyerek, yılda 100.000 üretim kapasitesine sahip modern bir işletme haline gelmiştir.

Hızla büyüyen ve gelişmekte olan Prolift asansör 2015 yılı sonuna kadar 160.000 adet üretim kapasitesine ulaşarak sektörde lider konumuna gelmeyi hedeflemektedir.

PROLIFT ELEVATOR COMPANY

Based on many years of experience in the elevator industry also with the experience and knowledge of technology, Prolift elevator began series production in 2002.

Located in Giresun industrial zone with 6.000 m2 of land. Prolift continues constantly invest in better technology to continue being one of the best companies in Turkey. Prolift takes pride in achieving quality and safety while producing in processing and to R&D- based production, it continuously increases the range of products with steadily increasing production rate. Prolift takes the customer satisfaction in the main priority. Prolift elevator is anticipating in investing a new plant in Bursa industrial area with 15.000 m2 area and its highest technology by bringing it to the maximum capacity with the modern factory.

We design and manufacture telescopic and central car doors as well as landing doors (painted, stainless steel, patterned, glass and pvc). The products have been certified by local and international quality institutions according to lifts institutions and according to lifts Detective 95/16/EC and EN81-EN81-58 standards.

Beginning of our history Prolift started producing doors with the capacity of 10.000 doors per year with steadily increasing sales from Asia to Europe and Africa. Prolift has become a modern institute and reached the capacity of producing 100.000 doors annually.

Prolift targets to increase the sales to 160.000 elevator door productions in 2015 to become the leader in the elevator sector.

MAIN INDEX - İÇİNDEKİLER

1. LANDING DOORS KAT KAPILARI

1.1 2 PANEL CENTRAL LANDING DOORS 2 PANEL MERKEZİ KAT KAPILARI

1.1.1 2 Panel Central Landing Door 2 Panel Merkezi Kat Kapısı

1.1.2 2 Panel Central Landing Door Dimensions 2 Panel Merkezi Kat Kapısı ölçüleri

1.1.3 2 Panel Central Landing Door Back View 2 Panel Merkezi Kat Kapısı Arka Görünüş

1.1.4 2 Panel Central Landing Door - Installation 2 Panel Merkezi Kat Kapısı Montaj

1.2 2 PANEL TELESCOPIC LANDING DOORS 2 PANEL TELESKOPIK KAT KAPILARI

1.1.1 2 Panel Telescopic Landing Door 2 Panel Teleskopik Kat Kapısı

1.1.2 2 Panel Telescopic Landing Door Dimensions 2 Panel Teleskopik Kat Kapısı ölçüleri
